

Stuart Smith

DIRECTOR

Stuart has Masters degrees in Property Management and International Procurement, while also being a Fellow of CIPS and Graduate of AICD. He is Director of Asset Services, Medical Engineering & Emergency Management for a large public hospital group in the north of Melbourne. While in parallel, makes himself available and over the years embarked on numerous not-for-profit, small enterprise, school councils, and mentorship engagements, aimed at sharing expertise that support growth, sustainable operation and insightful strategy benefits.

Stuart joined the Fernlea Board in 2021, with a passion to contribute value and support of the Fernlea mission. With direct experience of how the sector is a vital support to guests and their families, he is keen to share expertise that benefits Fernlea Board and Management teams in their responsibilities and the continued advancement of quality services to the community.
